

MENDING & CARE

Milward's Mending & Care product range is suitable for both professional and do-it-yourself mending and care purposes. All products are selected in various shapes, colours, materials and application formats in order to meet our consumers' need for quick, strong and long lasting repairing and caring projects.

CURA E RIPARAZIONE

La linea Milward Cura e riparazione è valida sia a livello professionale sia per la riparazione e la cura degli indumenti di ogni giorno. Tutti i prodotti sono disponibili in diverse misure, colori, materiali e possibilità di applicazione per soddisfare le necessità di riparazioni veloci, forti e durevoli.

REPAIR SHEETS

All items can be cut into the required size and format.

The self adhesive nylon products are for quick and easy repairing of umbrellas, bags, sport and leisure clothing and related items. Cotton sheets allow a quick, safe and strong repair of garments at a low ironing temperature.

Iron-on denim fabric in multiple denim shades for mending and reinforcing jeans jackets or trousers.

PRE-SHAPED PATCHES

Imitation Suede Patches are made with extra supple, strong and soft imitation suede for repairing jackets, sweaters or sports wear. Iron-on Denim Patches in multiple denim shades for mending and reinforcing jeans jackets or trousers.

Assorted Patches are a useful mending pack, consisting of a set of standard patches in small sizes.

REFLECTOR SHEETS

Applying these to any garment provides increased safety in darkness or in low visibility conditions.

OTHER MENDING AND CARE ITEMS

Sew-on Cuffs, available in a variety of colours, are suitable for repairing or making garments. Iron-on Trouser Pockets allow for repairing damaged pockets in minutes, while Dress Shields protect clothes from perspiration stains.

FOGLI PER RIPARAZIONE

Tutti gli articoli possono essere tagliati secondo la misura necessaria.

I prodotti in nylon autoadesivi possono essere utilizzati per riparare ombrelli, borse o indumenti ed articoli sportivi.

I fogli in cotone permettono riparazioni veloci, sicure e durevoli di indumenti, da applicare con ferro caldo a basse temperature.

I tessuti in jeans in diversi colori riparano e rinforzano giacche di jeans o pantaloni.

TOPPE PRETAGLIATE

Le toppe in similpelle sono realizzate in materiale elastico, forte e morbido al tempo stesso, per riparare giacche, maglioni e indumenti sportivi.

Le toppe termoadesive in denim in diversi colori sono da utilizzare per rammendare e rinforzare giacche o pantaloni jeans.

Disponibile anche l'utile assortimento di toppe assortite in dimensione ridotta.

TOPPE RIFLETTENTI

Da applicare sui vestiti per aumentare la sicurezza al buio o in cattive condizioni di visibilità.

ALTRI ARTICOLI DA RAMMENDO E RIPARAZIONE

Polsini colorati adatti per riparare o confezionare indumenti. Le tasche termoadesive permettono di riparare in pochi minuti pantaloni rovinati, mentre i sottoascelle proteggono i vestiti dalle macchie di sudore.
